

ATTESTATION OF ORIGIN OF IRON AND STEEL PRODUCTS

Article 3g of Regulation (EU) No 833/2014 (the “Regulation”) concerns restrictive measures in view of Russia’s actions destabilizing the situation in Ukraine. The Regulation prohibits the direct or indirect import of certain iron and steel products originating in or having exported from Russia into the European Union.

AstroNova, Inc. and its subsidiaries (“AstroNova”) acknowledge and agree that it is acting in accordance with the Regulation as amended. Further,

1. AstroNova does not import any steel and iron products (as listed in Annex XVII of the Regulation) originating in or having exported from Russia into the European Union.
2. All products having been processed in a third country which are sold or otherwise provided to AstroNova’s customers do not incorporate any Annex XVII steel and iron products originating in Russia.
3. Astronova shall take the appropriate steps to ensure that no products containing iron or steel as listed in Annex XVII are provided to its customers unless subject to an exemption or authorization from the competent government.
4. In the event AstroNova utilizes third parties, it shall adopt the necessary measures to confirm from such third parties their adherence to the Regulation as amended.
5. Should any information regarding the products change after signature of this Attestation, AstroNova will notify its customers.

The undersigned has full authority to make representations and statements on behalf of AstroNova.
